

Artificial Intelligence Course Catalogue

AI Diploma and Higher National Diploma (HND) Programs — Fees & Duration

Course Name	Price (USD)	Duration
Diploma in Artificial Intelligence and Data Science	\$560 per semester	1 Year (2 Semesters)
Higher National Diploma in Artificial Intelligence and Data Science	\$560 per semester	2 Years (4 Semesters)
Diploma in Machine Learning and Deep Learning	\$560 per semester	1 Year (2 Semesters)
Higher National Diploma in Machine Learning and Deep Learning	\$560 per semester	2 Years (4 Semesters)
Diploma in Robotics and Intelligent Systems	\$560 per semester	1 Year (2 Semesters)
Higher National Diploma in Robotics and Intelligent Systems	\$560 per semester	2 Years (4 Semesters)
Diploma in Data Analytics and AI Applications	\$560 per semester	1 Year (2 Semesters)
Higher National Diploma in Data Analytics and AI Applications	\$560 per semester	2 Years (4 Semesters)

Diploma in Natural Language Processing (NLP)	\$560 per semester	1 Year (2 Semesters)
Higher National Diploma in Natural Language Processing	\$560 per semester	2 Years (4 Semesters)
Diploma in AI for Business and Innovation	\$560 per semester	1 Year (2 Semesters)
Higher National Diploma in AI for Business and Innovation	\$560 per semester	2 Years (4 Semesters)
Diploma in Computer Vision and Image Processing	\$560 per semester	1 Year (2 Semesters)
Higher National Diploma in Computer Vision and Image Processing	\$560 per semester	2 Years (4 Semesters)
Diploma in Ethical AI and Policy Studies	\$560 per semester	1 Year (2 Semesters)
Higher National Diploma in Ethical AI and Policy Studies	\$560 per semester	2 Years (4 Semesters)

Corporate & Organizational Artificial Intelligence Short Courses

Course Name	Price (USD)	Duration
Introduction to Artificial Intelligence and Machine Learning	\$250 per individual	2 Days
AI for Business Decision-Making	\$250 per individual	2 Days
Data Analytics and Visualization Using AI Tools	\$250 per individual	2 Days
ChatGPT and Generative AI for Productivity	\$250 per individual	2 Days

AI for Human Resources (HR Analytics & Automation)	\$250 per individual	2 Days
AI in Finance and Risk Management	\$250 per individual	2 Days
Machine Learning for Non-Programmers	\$250 per individual	2 Days
AI in Marketing and Customer Insights	\$250 per individual	2 Days
Responsible and Ethical AI in Organizations	\$250 per individual	2 Days
AI for Innovation and Digital Transformation	\$250 per individual	2 Days
Robotic Process Automation (RPA) for Business Efficiency	\$250 per individual	2 Days
Natural Language Processing (NLP) in Business	\$250 per individual	2 Days
AI and Cybersecurity	\$250 per individual	2 Days
Data-Driven Leadership with Artificial Intelligence	\$250 per individual	2 Days
AI Project Implementation for Managers	\$250 per individual	2 Days
AI for Education and Learning	\$250 per individual	2 Days
AI for Healthcare and Diagnostics	\$250 per individual	2 Days
AI Tools for Everyday Office Use	\$250 per individual	2 Days
AI in Agriculture and Smart Farming	\$250 per individual	2 Days
Introduction to Data Ethics and AI Policy Frameworks	\$250 per individual	2 Days

Mode of Delivery

Mode	Description
Online	Delivered through the AIIA Virtual Learning Environment with interactive sessions and AI tools.
Physical (On-site)	Instructor-led training at AIIA training centres or partner institutions.
Hybrid	Combines online lectures with physical practical sessions.

Schedule Examples

- Corporate Short Courses: 2 Full Days (9 am–4 pm)
- Professional Certificates: Weekends for 4 Weeks (Friday–Saturday, 3 hours/day)
- Diploma & HND Programs: Semester-based (15–18 weeks per semester)

Certification Pathway

- Completion of one or more short courses leads to a Professional Certificate in Artificial Intelligence Applications.
- Completion of two certificates can qualify a learner for direct entry into a Diploma Program.
- Diploma graduates can progress into the Higher National Diploma (HND) programs for advanced specialization.
